**Central Bank Digital Currency (CBDC)** will replace all cash money with a digital currency. The Central Bank will have FULL control over your money. They will monitor every transaction you make, limit your purchases, freeze, and even delete your funds at will. **CBDC** is promoted as a convenience to make your financial life safer. **The truth is that it will mean TOTAL loss of control for all of us.** Your digital funds will be connected to your Digital ID, which will be connected to your vaccine status and social credit score. **The Central Banks are private corporations** - they are NOT run by, or directed by any government.
